D.O.No. RD/GSESP/States/2017

July 18, 2017

Subject: Gram Samridhi Evam Swachhata Pakhwada Celebration from 1st October to 15th October, 2017.

Dear Colleague,

Ministry of Rural Development would be celebrating Gram Samridhi Evam Swachhata Pakhwada from 1st October to 15th October, 2017 in partnership with States. Ministry of Panchayati Raj, Ministry of Drinking Water and Sanitation and many other Ministries of Government of India would jointly work with the Ministry of Rural Development to take up programmes that seek to create an environment for clean villages, participation of people in Gram Sabha meetings, development of livelihoods plans for households etc. One of the major objectives of the Pakhwada is to also encourage people in the village, to participate in Gram Sabha Meetings and take up issues for development of the villages. The Pakhwada would have two distinct components. The first component which centers around Gram Sabha meetings, Cleanliness campaigns and public information on different schemes of the Government would be implemented across all Gram Panchayats. The second component of the Pakhwada would be implemented across 50,000 Gram Panchayats/5,000 Clusters selected by the State Governments for Mission Antyodaya Programme. A brief note on activities to be taken up during Gram Samridhi Evam Swachhata Pakhwada is attached for your perusal and suggestions.

2. A meeting would be held to work out a detailed public campaign on the above theme on 1st August, 2017 in Hall No. 04, Vigyan Bhawan from 10:00 AM to 4:00 PM. You are kindly requested to attend.

Encl: As above.

Yours sincerely,

(Amarjeet Sinha)

To:
The Additional Chief Secretaries/Secretaries/Principal Secretaries of RD&PR of all States/UTs (By E-mail)
MISSION ANTYODAYA
GRAM SAMRIDHI EVAM SWACHCHATA PAKHWADA
(Village Well-Being and Cleanliness Fortnight)
1-15 October 2017

An initiative of the Central Department of Rural Development, in partnership with State and Local Governments, along with Ministries of Panchayati Raj, Drinking Water and Sanitation and other volunteering Central Ministries.

The Ministry of Rural Development, Ministry of Panchayati Raj and Ministry of Drinking Water and Sanitation would be celebrating Gram Samridhi and Swachchata Pakhwada from 1-15 October 2017 in partnership with the States, Districts and Panchayati Raj Institutions. The Ministry of Rural Development has also sought co-operation of other Central Ministries in this endeavour. The Gram Samridhi and Swachchata Pakhwada has two distinct components. The Swachchata Pakhwada would be celebrated across all Gram Panchayats of the country. The second component, Gram Samridhi and Swachchata Pakhwada would be under the overall framework of Mission Antyodaya. This would be taken up in Gram Panchayats/Clusters which have been selected by the State Governments for convergent programme implementation encompassing all programmes supported by the Central Government as well as State funded programmes. Brief description of the activities under these two components is indicated as under:-

(A) Programmes to be taken up in all Gram Panchayats:

Gram Sabhas: Organization of the Gram Sabha in each of the 2.62 lakh Gram Panchayats of the country on Gandhi Jayanti, 2nd October 2017 in the evening, with film show, cultural programmes, etc. Ward level meetings on identifying key local development challenges related to sanitation, health, education, livelihoods etc.

Cleanliness campaign in every Gram Panchayat covering all aspects of sanitation – water, use of toilets, solid and liquid resource management, waste to wealth through composting and recycling of non-biodegradable waste, cleaning of choked drains, system of liquid waste management, ban on use of plastics, and a thrust on water conservation. School children should be used as motivators for Gram Sabhas participation and for cleanliness campaign in the village.

Comprehensive Public Information System: to inform public about all government programmes of all Departments display the list of beneficiaries, etc. through wall writing, public records, posters, cell phone based app. and in the Gram Panchayat building. Comprehensive and complete public information about all programmes will facilitate better
preparation of the Gram Panchayat Development Plan (GPDP) as all resources will be fully mapped.

PMAYG Reading out the Wait List and its physical pasting on the Gram Panchayat wall to be done so that every eligible beneficiary knows when her/his turn for housing will come.

(B) Programmes/Activities in Gram Panchayats/Cluster selected under Mission Antyodaya:

Mission Antyodaya: Besides the general activities in all the Gram Panchayats of the country during this week, special initiatives will be taken up in Gram Panchayats that State Governments have identified for Mission Antyodaya Development Gram Panchayats and Rural Clusters. While the details of the Mission Antyodaya initiative are still being worked out, it is proposed to use the Gram Samridhi Evam Swachchata Pakhwada for a range of specific outcomes in these villages/clusters with social capital. Most of these Gram Panchayats and Clusters will have any of the following coverage –

- Women Self Help Groups are very active.
- Gram Panchayat elected leadership is very active and has been recognized for excellence.
- Rurban Clusters.
- Sansad Adarsh Gram Yojana Clusters.
- Dispute free Gram Panchayats.

Many States have already selected such Gram Panchayats and Rural Clusters. Other states may also complete this process soon and bring the list to the meeting on 1st August 2017. Higher educational institutions with their faculty and students to carry out a household survey during this period, with pre-populated SECC 2011 data along with other parameters of infrastructure, human development and economic well-being and present their findings towards the end of the fortnight before the Gram Sabha.

The parameters for assessment of GPs/Rural Clusters are at Annex – II. The Higher Education Institution to also facilitate the Rural Cluster to identify its growth potential and to develop technical institution partnership for the growth cluster appropriately. This should lead to a comprehensive Gram Panchayat Development Plan, taking into account the likely human and financial resource needs for the sustainable well being of all. The development phase according to the plan would be within 1000 days, to be able to reach the desired outcomes. The state Governments should also look at inviting CSR funded initiatives and other rural economic growth initiatives to partner in developing the identified Cluster.

The specific activities, over and above the general activities in all Gram Panchayats proposed during this fortnight are as follows:
Planning for village Development: Planning for all schemes, which are in the Eleventh Schedule of 29 sectors transferred to Panchayats as part of a Gram Panchayat Development Plan during the campaign period.

- Special Gram Sabha during the fortnight to prepare the shelf of Projects for MGNREGS for the coming year.
- Griha Pravesh of all houses completed under the Pradhan Mantri Gramin Awaas Yojana and inspection of all on going works. Reading of the Permanent wait list.

Participation of Women SHGs: SHGs make a difference in school participation, health and nutrition indicators, cleanliness and other Swachcha Bharat Mission activities. During this fortnight, concerted efforts to make a real difference to cleanliness levels in these Gram Panchayats, school, Health facility, and Aanganwadi functioning will be made.

- All youth keen on skill development for placement based wage employment or for self – employment skill development, or simply for job fairs to be registered for appropriate coverage.
- All SHGs and Village Organizations to organize Bank linkage programmes for diversified livelihoods after developing Micro Credit Plans.
- Health and Nutrition assessments involving the ANMs, Ashas, Aanganwadi Sevikas and the women SHGs to be undertaken intensively for a better understanding of challenges.
- Special thrust on waste to wealth, solid and liquid resource management, sustainable cleanliness of drains and village streets, with the assistance of SHG women.
- Exploring partnerships and potential for solar energy.
- Understanding the water conservation status of the Gram Panchayat/Rural Cluster.
- Involving all technical institutions (Krishi Vigyan Kendra, Animal husbandry, dairy, textile, silk, AICTE, UGC, CSR, MSME technical institutions near by the selected Clusters and deliberate on the framework for partnerships.
- Work out the requirement of Professionals, Institutions and Enterprise for sustaining the economic activities in the Cluster.
- Explore the possibilities of forming Producer Groups and Producer Companies, especially in Gram Panchayats covered under the Mahila Kisan Sashaktikaran Pariyojana.
- Assessment of the Governance in Gram Panchayats with a special thrust on understanding the use of the Fourteenth Finance Commission Grants. The questionnaire for the same is Annex - III

A detailed list of activities is placed at Annex – I. The list of activities is illustrative.

States sensitization

Based on the deliberations on the 1st of August 2017 from 10 AM to 4 PM in Hall Number – 4, Vigyan Bhawan, every State will finalize its proposed Programme for the Gram
Samridhi Evam Swachcheta Pakhwada. The NIRD-PR Hyderabad will be the nodal agency for partnership with higher education institutions participating in the survey of households to develop a ranking of nearly 50,000 Gram Panchayats/5000 Rural Clusters. The Department of Higher Education will facilitate the identification of a few nodal higher educational institutions, which would guide the household surveys in the selected Gram Panchayats.
ANNEX - I

Campaign for Village Well-being and Cleanliness - 1st to 15th of October 2017

Detailed Illustrative Activity Schedule

The basic theme of this campaign will be to actively involve the Panchayat Raj Institutions and its constituent committees to engage the community in building environment for clean green villages, generate awareness about different Government programmes and to plan for sustainable livelihood options in the villages. The campaign will be jointly conducted by the Department of Rural Development, in partnership with State and Local Governments and Central Ministries of Panchayati Raj and Drinking Water and Sanitation, besides all other volunteering Ministries.

On the occasion of Gandhi Jayanti on 2nd October 2017, Gram Sabhas will be conducted all across the country. The State Governments should also use intensive IEC to ensure maximum participation of villagers in the Gram Sabhas. While traditionally the Gram Sabhas are being organized in States, various Committees of the Gram Panchayat are often not very active. The States should ensure that all the Committees’ meetings are also held during this period. The Committees should be motivated to take proactive role in conducting various activities specifically related to their subject during this campaign period. Nodal officers should be appointed to document the proceedings of the Gram Sabha and activities during this period.

As you are aware Mission Antyodaya is to be launched shortly in about 50,000 villages/5000 Rural Clusters of the country, to improve the well being of households through sustainable livelihoods. Many of the States have already identified these potential Gram Panchayats/Rural Clusters. States, which have still not identified these villages/Clusters, may like to complete the exercise of identifying these villages/Clusters.

A base line survey of these village Clusters will also be done during this campaign. A questionnaire has been prepared for the same and will be shared with the States. The States may translate this into regional language for local use. The survey is proposed to be done involving students from Colleges and other technical institutions, in coordination with MHRD and AICTE. Training for the same will be coordinated by NIRD, and SIRDs would in turn train these students in the states. A separate budget would be made available for this base line activity through NIRD.

Each of the Ministries have created a detail agenda for activities to be taken up during this period. While some of the activities may be common, some may be specific to each of the three Ministries. List of activities to be taken up with respect to Rural Development, and Panchayat Raj have been compiled and put below.
Creating Awareness of Government Programs

1. As a part of comprehensive IEC campaign during this period, all Gram Sabhas would be mandated to put flex boards/ wall paintings/ black boards, etc. giving details about various schemes, eligibility. The Ministry would send prototype for the same.

2. Janata MIS - Many States are already following the practice of displaying beneficiary list of various Government schemes on Gram Panchayat walls, etc. It would be mandatory that all the Gram Panchayats display the list of beneficiaries on the walls of Gram Panchayat buildings/any other prominent place in the village.

3. List of works done as per GPDP or from the funds like MGNREGA, PMAYG, 14th Finance Commission and other government schemes like School education, Women and child welfare etc. should also be displayed.

Sanitation- Clean and Green Villages

1. This is also seen as an opportunity to mobilize community support structures to be able to create clean green environment in the villages besides IHHL.

2. Many of the States like Tamil Nadu and Chhattisgarh have propagated Solid Liquid Resource Management (SLWM) in a big way. This campaign may be used as a platform to plan for carrying out such activities. The Gram Sabhas, may also take resolution to make their villages garbage and polythene free.

3. People should be motivated to take up cleaning of drains, removing the garbage from the shoulders of the roads, identifying a spot for garbage disposal.

4. Install dustbins in every hamlet from 14 FFC funds

5. Construction of soak pits.

6. There are several successful examples of waste to wealth initiatives, like vermiconposting, decomposting, polythene for construction of roads. More awareness may be created the same may be replicated in other Grain Panchayats. A plan should be made for the same, earmarking funds in different Government schemes.

7. SHG’s participation in Gram Sabhas should be mandatory.

8. The state may also like to rank Gram Panchayats on the basis of their involvement and activities undertaken to create clean green villages. These Gram Panchayats may be awarded at the end of the campaign period at the district level.
Rural Skilling - DDUGKY and RSETIs

1. Identify the rural youth who are interested in skilling for wage placement or self-employment.
2. The states should use this opportunity to use the mobile app for mobilization of candidates who are interested in wage placement.
3. Job fairs/mobilization camps should be organized with the support of PIAs and potential employers. Aptitude testing of candidates for suitable opportunity may also be undertaken to offer them a choice for enrolment in skilling in an area of their interest. These activities should prominently focus in RURBAN clusters, SAGY villages and potential Poverty Free Panchayats.
4. Those who are interested in taking up self-employment should be registered for taking up training in RSETIs. The RSETI States Directors and RSETI Directors/ faculty should also be actively engaged during this campaign.
5. A number of trainings are being conducted by RSETIs, credit linkage camps should be organized in villages with Bank branches so that significant number of loans may be disbursed or cases be registered under PM Mudra scheme or other Government Schemes.
6. Organise DDUGKY alumni meet at District/ Block level as a part of mobilization strategy

RURBAN MISSION

1. The states are in the process of making Integrated Cluster Action Plans, but the process is taking too long, all 100, Phase 3 clusters Integrated Cluster Action Plans should be prepared with participatory planning during this period.
2. The already approved Plans should be shared with the villagers and report card of works done in older clusters should be put up before the Gram Sabhas
3. The state as well as National Teams; NLMS during their visit should collect data of works on ground.
4. The concept of clean green village should be shared with communities. The IGBC guidelines of green rating should be shared with GPs and film will be shown.

RURAL HOUSING

1. Reading out of permanent wait List of beneficiaries before Gram Sabha and display of the village wise list of the same in the GP Bhawan
2. Grihpravesh for the completed houses and Bhoomi Poojan for new houses may be done ceremoniously in the concerned Gram Panchayat.
3. Nukkad natak/skit based on Housing scheme showing transparency in scheme implementation and saying no to corruption/middlemen
4. SMS/whatsapp against rent seeking to all PMAY beneficiaries
5. Flag-off to Mason training in select Villages
6. Distribution of Mason training certificates if completed in some villages

PMGSY

Under Pradhan Mantri Gram Sadak Yojana (PMGSY) would be to maintain, upkeep and clean PMGSY roads, road furniture and bridges & culverts, by undertaking an intensive drive from 1st October, to 15th October, 2017. This drive would ensure that PMGSY road contractors, State agencies (SRRDAs and PIUs) and local community are sensitized regarding proper maintenance and cleanliness of these roads. The following work items for routine maintenance would be executed in a campaign mode:

- Clearing/re-shaping of road side drains
- Pothole filling
- Filling up edges of asphalt surface
- Dressing of berms, earth work on berms, rain cuts and dressing of earthen embankments, wherever necessary
- Refixing displaced guard stones, white washing guard stones, parapets of CD works
- Fixing and re-painting disturbed kilometre stones, caution boards, village sing boards, speed limit boards, PMGSY logo and citizen information boards
- White washing and geroo painting of trunks of trees on road flanks
- Cutting of branches of trees and shrubs which are obstructing flow of traffic and line of sight
- Maintenance of catch water drains, clearance and desilting of cross drainage works
- Demonstrate use of mobile apps in digitally connected/advanced villages

Sansad Adarsh Gram Yojana (SAGY)

Hon’ble Members of Parliament would be requested through Hon’ble Minister MORD to review the progress of developing in all the 1128 Gram Panchayats adopted so far and to cover all the villages under adopted Gram Panchayats during the campaign period. The state Government to request Hon’ble MPs will also be requested to participate in the various functions being organized during the campaign at the Gram Panchayat level. The presence of Hon’ble Members of Parliament in all the villages of the Gram Panchayat would boost the participation level and better visibility of community based programmes to be launched during the campaign.
National Social Assistance Programme (NSAP) -

1. Display of information of the scheme and eligibility criteria and display beneficiary list
2. Gram Panchayat would be engaged to specifically carry out the social audit as per the requirement of NASP guidelines.
3. List prepared on the basis of SECC criteria will also made available at Gram Panchayat level for cross verification with BPL beneficiaries with a view to clean up the list and enhanced preparedness for moving towards universalization of pension scheme based on SECC data.

Digital literacy

Awareness programme on less on digital transactions and payments, Common Service Centers/ bank correspondents and other volunteers may be used for the same. Special drive may be taken to propagate and update the JAM trinity.

National Level Monitors (NLM)

NLM are being instructed to carry out their survey during the campaign. These NLMs are expected to cover over 3000 villages in 300 number of districts. They could provide firsthand information on the status of visibility to MoRD programmes by way of display board, impact of on-going activities under the Pakhvara and also the verification of the list of beneficiaries available at the Gram Panchayat.

As NLM would continue their work even after the campaign, they will also be in position to provide post assessment of action taken during the campaign period. The target is to cover 2000 villages in 200 districts during the campaign and 1000 villages in 10 districts between 16th – 31st October.

Coordination

The days of the campaign period would be apportioned between various activities of Ministry of Rural Development, Panchayat Raj and Drinking water and sanitation. The respective ministries would provide details of proposed set of activities.

Nodal officers may be appointment for each of the States, by the various Ministries. The States will also be asked to designate a nodal officer at state level for the purpose of coordination and monitoring. Form a core team to coordinate and monitor the campaign during the campaign and for reporting purposes even beyond the campaign. The state should also appoint nodal officer from the block/ district/state level to attend some of these Gram Sabhas.
States may like to organize special health camps for health check up/ registration of pregnant women for ANC and immunization of children may be organized.
Documentation

In order to have a report card at the end of the campaign period, simple reporting forms will be shared to collect information, which could be used to compile qualitative and quantitative work done during this period. These formats will be made available by the respective Ministries to the states and an IT platform will be used to furnish action taken on various activities preceding the campaign, and for each days activities undertaken during the campaign, along with photographs. The link for the same would be communicated shortly.

Awards

The states may design some matrix to be able to award GPs at the end of the campaign, especially on overall sanitation and clean and green initiatives undertaken. The second category of awards may be in overall performance of GPs in terms of their GPDP process-planning as well as execution, including FFC and MNREGA funds for creation of assets.

IEC activities

In order to create a build up for the campaign, following IEC activities should be taken up.

1. Create a mass campaign using inter personal communication strategy by involving all elected representatives Hon MPs/MLAs/ members of Gram Panchayats/ NGOs/ Community etc. inviting them to actively participate during this campaign.
2. Creatives of on various programs of the respective Ministries will be sent to the States for display in the Gram Panchayats.
3. Information Boards/ flex/ wall writings etc in all GPs
4. SMS campaign informing citizens about the campaign and urging them to participate in Gram Sabhas and fortnight long activities
5. Program focused SMS to generate awareness and transparency
6. The states may be advised to have ‘Prabhat Feris’, Sports Competitions, parent-teacher meet, etc. During this period.
7. The folk media may be used by the States, the central Ministries may use the song and drama division of Government of India.
8. Several movies have been made by the Departments, the same may be uploaded on the central website to be displayed to the villagers during this period. We may also make one movie targeting specifically to this campaign.
9. Have a 3-week radio campaign launched from the last week of September till the end of the campaign inviting citizens to be present in the Gram Sabhas and participate in the above activities.
10. We may also have Citizen Centric messages conveyed during this period focusing on the schemes.
11. In order to have a national coverage, CNS channels may be used informing about the campaign.

12. Some ads may be released in the national print media as well.

13. It is suggested that parallel activities in schools on specific themes including Swachhata may be undertaken in the form of painting/eloquion competitions etc. which may ultimately culminate in final prize distributions.

14. Theme based cultural events as decided by the Gram Sabha.

15. Organizing one-day Children Assembly in the village by VO on Swachata, Swastya, Poshan and SLWM along with making them responsible for keeping the village as ODF. Conducting competitions for developing posters, elocution, etc on Sanitation Health and Nutrition
### Measuring GP Performance

#### Household's Well - Being

<table>
<thead>
<tr>
